

TRAVELING?

Please let us know!

Your debit/ATM card with Eagle Bank is protected by a fraud protection service. This service constantly monitors your cards activity. When any activity outside of your normal purchase pattern or location is detected, a fraud specialist from the Shazam Fraud Operations Department, on behalf of Eagle Bank, may try to contact you so immediate action can be taken. Please verify that we have your current contact information prior to leaving.

To help protect your account, we are blocking debit/ATM card transactions originating from foreign countries due to an increase in fraudulent activity. If your travel plans take you out of the country (or if you make international online purchases), please contact us so we can enable your debit card for foreign activity.

*Please contact Eagle Bank during regular banking hours at
1-800-635-5588 for assistance.*

*After banking hours, please contact Shazam at
1-866-508-2693 for assistance.*
